Todd: In your email of 9:50 this morning, you said:

Please confer with all parties before setting a hearing date with the Court.

I am a party, but I have not been conferred with, and yet somehow it appears that a hearing date has already been set. Since I am totally unfamiliar with court procedure, it's certainly possible that I misunderstood your statement, so I'm hoping that you can clarify the situation for me.

But if I did understand your statement correctly, and if proper procedure does require the party submitting a hearing request to "confer with all parties before setting a hearing date with the Court," I would like to protest that a hearing date appears to have been set in apparent violation of the proper procedures, and I would like to request that the hearing be removed from the schedule until such time as the proper procedures have been followed. Thank you for your help with this.

Mr. Mishkoff,

I have removed the Court staff from this email. I did not gather from your email that you have an actual conflict that day. Do you have a conflict at 11:00 am on August 24th? If so, please advise whether the morning of August 25th will work. If neither will work, we will need to know the nature of the conflict that prevents your participation on both days.

Respectfully,

T. Chase Garrett

Todd,

We have conferred further and would like to move the Anti-SLAPP hearing to August 25th. Will you please let us know what time?

Respectfully,

T. Chase Garrett
